

# DAWN COURT

THE DESIGN INTENT FOR DAWN COURT IS TO CLEAN UP THE UPPER PORTION OF THIS PARCEL. MOW REGULARLY AND PRUNE UP SOME BRANCHES TO MAKE IT LESS CONVENIENT FOR CAMPERS. CONSTRUCT WALLS OF BROKEN CONCRETE TO CREATE TERRACES FOR VEGETABLE GARDENS. SUPPLY TWO HOSE BIBS FOR WATER. CONSTRUCT TWO SETS OF STEPS TO ACCESS THE UPPER FLAT AREA AND THE GARDEN TERRACES. GARDEN BEDS TO BE FILLED WITH PLANTERS MIX.

A GENERAL NOTE REGARDING ALL PARCELS AND THAT IS IN A WORD IS MAINTENANCE. TREES AND SHRUBS DO NEED CARE AND INTIAL CARE IS MOST IMPORTANT. ONE EARTH WILL PROVIDE A MAINTENANCE ESTIMATE FOR WORK THROUGH OUT THE PROPERTY WITH YEARLY PROJECTIONS OUT 4 YEARS.

IF A VEGIE GARDEN IS BUILT IT MAY BE NECESSARY TO BUILD A DEER PROOF GARDEN AN OPEN WEAVE WIRE, POST AND BEAM CONSTRUCTION FOR DISCOURAGING DEER FORAGING BY DEER.

PLAN NORTH  
↑  
EACH SQUARE IS 5'X5'

4070 Dawn Ct.

ANOTHER OPTION FOR THIS AREA IS TO TREE IT UP, IF WE BRING WATER FOR THE VEGIE GARDEN IT WOULD BE A SIMPLE TASK TO RUN A REMOTE VALVE TO WATER THE PLANTS.

4068 Dawn Ct.

THIS SOIL IS PROBABLY RICH YET MAY HAVE OIL OR OTHER MATERIAL NOT GOOD FOR FOOD PRODUCTION. TO MAKE USE OF THIS RESOURCE THIS MATERIAL SHOULD BE HARVESTED

## LEGEND

- E EXISTING TREE
- NEW BOULDER
- BIRD HOUSE
- ⊕ SANDSTONE PATIO
- ▨ COBBLE MULCH
- ▨ NATIVE GRASS AREA
- ▨ TURF AREA
- ▨ WOOD MULCH
- ▨ PATHWAY
